WORK EXPERIENCE

SAB Campus / CA Sri Lanka	
<i>IT Assistant</i>	Aug 2024 – Apr 2025
• Delivered technical assistance and resolved day-to-day IT incidents for staff and users. • Performed system maintenance, software installation, and hardware diagnostics. • Collaborated with the IT team to maintain network connectivity, user accounts, and backup procedures.	
SAB Campus / CA Sri Lanka	
<i>IT Intern</i>	Aug 2023 – Jul 2024
• Provided first-level technical support by troubleshooting hardware, software, and network-related issues. • Assisted with installation, configuration, and maintenance of computer systems and peripheral devices. • Supported software updates, user account management, and routine IT operations.	
University of Moratuwa – Examination & Registration Division	
<i>IT Trainee</i>	Feb 2023 – Aug 2023
• Provided technical support for daily examination and administrative operations. • Managed and maintained student and examination data using Microsoft Excel and Microsoft Access. • Assisted in report generation, document processing, and accurate data entry activities.	

SKILLS

Programming Languages: Java, JavaScript, C, Dart

Web & Mobile Development: HTML, CSS, React.js, Node.js, Flutter

Databases: MySQL, Firebase

Tools & Technologies: Git, Postman, Figma

PROJECTS

WorkNest – Job Recruitment Website

A web application that connects employers and job seekers through a centralized recruitment platform.

Contribution:

- Developed backend services using Node.js and MySQL.
- Implemented authentication and role-based access control.
- Developed RESTful APIs for job and application management.
- Integrated backend APIs with the frontend.

Technologies: React.js, Node.js, MySQL

SafeDrive – Mobile Application

A mobile application that detects driver drowsiness and provides real-time alerts to improve road safety.

Contribution:

- Developed Login and Sign Up screens using Flutter.
- Implemented Dark Mode functionality.
- Improved UI and responsive mobile experience.

Technologies: Flutter, Dart, Firebase

University ERP System

A web application for managing university academic and administrative operations.

Contribution:

- Developed the Lecturer Management backend module.
- Built RESTful APIs and SQL Server stored procedures.
- Implemented JWT authentication and role-based authorization.
- Collaborated with the frontend team for API integration.

Technologies: React.js, TypeScript, Node.js, MS SQL Server
